Fidelity Funds - Sustainable Japan Equity Fund A-ACC-Euro / LU0251130042 / A0J21Z / FIL IM (LU)

Investment strategy

In actively managing the fund, the Investment Manager considers growth and valuation metrics, company financials, return on capital, cash flows and other financial measures, as well as company management, industry, economic conditions, and other factors. The Investment Manager also considers ESG characteristics when assessing investment risks and opportunities. In determining favourable ESG characteristics, the Investment Manager takes into account ESG ratings provided by Fidelity or external agencies. Through the investment management process, the Investment Manager aims to ensure that investee companies follow good governance practices.

Investment goal

The fund aims to achieve capital growth over the long term. The fund invests at least 70% (and normally 75%) of its assets, in equities of companies that are listed, headquartered, or do most of their business in Japan. The fund may also invest in money market instruments on an ancillary basis. The fund invests at least 70% of its assets in securities of issuers with favourable environmental, social and governance (ESG) characteristics and up to 30% in securities of issuers with improving ESG characteristics. The Investment Manager will exclude investment in issuers with a Fidelity Sustainability Rating of 'C' or below.
