## DWS Inv.ESG Floating Rate Notes LC / LU1965927921 / DWS200 / DWS Investment SA

### Investment strategy

To achieve this, the fund invests in government and corporate bonds that are denominated in Euro or hedged against the Euro and are primarily floating rate. When selecting suitable investments, environmental and social aspects and the principles of good corporate governance (ESG criteria) are taken into consideration. These aspects are of essential importance for the investment strategy. Furthermore, derivatives may be used for portfolio management. The selection of the individual investments is at the discretion of the fund management. The return of the product is reflected by the daily calculated net asset value per unit and the distribution amount if applicable. The currency of the fund is EUR. Returns and gains are not distributed but are reinvested in the fund.

### Investment goal

The fund is actively managed. The fund is not managed in reference to a benchmark. The fund promotes environmental and social characteristics and is subject to the disclosure requirements of a financial product in accordance with article 8(1) of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector. More ESG information is available in the sales prospectus and on the DWS website. The objective of the investment policy is to generate a return in euro.
