### Investment strategy

At least 67% of assets invested, either directly or through derivatives, in below investment grade corporate debt securities from issuers anywhere in the world, including emerging markets. The Sub-Fund may invest in contingent convertible bonds (up to 5%). Up to 20% of net assets in Ancillary Liquid Assets and up to 20% of assets in Deposits with Credit Institutions, money market instruments and money market funds for managing cash subscriptions and redemptions as well as current and exceptional payments. Up to 100% of net assets in Ancillary Liquid Assets for defensive purposes on a temporary basis, if justified by exceptionally unfavourable market conditions.

### Investment goal

To achieve a return in excess of global bond markets by investing primarily in global below investment grade corporate debt securities, using derivatives where appropriate. Uses a globally integrated research driven investment process that focuses on analysing fundamental, quantitative and technical factors across countries, sectors and issuers. Bottom-up security selection approach based on assessing relative value across the global developed market high yield credit spectrum.
