## JPM Global Government Short Duration Bond D (acc) - EUR / LU0408876950 / A0RE61 / JPMorgan AM (EU)

### Investment strategy

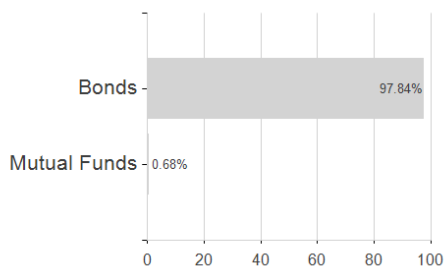

At least 67% of assets invested in global short- term debt securities issued or guaranteed by governments, including agencies and local governments guaranteed by such governments. The Sub-Fund may invest up to 20% in short- term debt securities issued or guaranteed by supranational organisations. The Sub-Fund may be concentrated in a limited number of issuers. The weighted average duration of the portfolio will typically not exceed three years and the remaining duration of each investment will typically not exceed five years at the time of purchase. At least 51% of assets are invested in issuers with positive environmental and/or social characteristics that follow good governance practices as measured through the Investment Manager's proprietary ESG scoring methodology and/or third party data.

### Investment goal

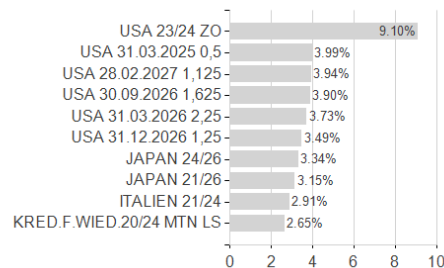

To achieve a return in line with the benchmark by investing primarily in global government short-term debt securities.
