### Investment strategy

The Compartment invests, directly or indirectly, in a range of asset classes such as bonds, equities, money market instrument, commodities, real estate and currencies. The Compartment invests worldwide, including emerging markets and Mainland China, and can invest in any sector, currency and credit quality. The Compartment may gain exposure to portfolio assets by investing in other funds, which may incur a duplication of certain fees. In actively managing the Compartment, the investment manager seeks exposure to investment themes and ideas beyond traditional asset allocation while using strict risk controls. The investment manager may invest in issuers with any environmental, social, and governance (ESG) profile and may engage with issuers in order to positively influence ESG practices (SFDR category product Article 6).

### Investment goal

To increase the value of your investment, while seeking to outperform its reference index over the long term.
