The Fund is actively managed with the fund managers using their expertise to pick investments to achieve the Fund's objective. Investment goal

The Fund's investment objective is to achieve long-term capital growth. The Fund will invest in the equity securities of companies domiciled or exercising the predominant part of their economic activities in Asia ex-Japan. The Fund mainly looks to invest in companies which have been successful and which can sustainably grow over economic and liquidity cycles. The Fund may hold up to 25% of its assets in cash or cash equivalents should the fund manager consider it prudent over any time period.
