Investment strategy

The Investment Manager seeks to select securities that it believes offer superior investment return characteristics. The Portfolio may hold securities for a short period of time when implementing the investment strategy and therefore may experience high trading volumes. The Portfolio may be exposed to any currency.

Investment goal

The Portfolio seeks to increase the value of your investment over time through capital growth while seeking to maximize risk-adjusted returns relative to the overall US equity markets. Under normal market conditions, the Portfolio typically invests at least 80% of its assets in equity securities. The Portfolio mainly invests in medium and largesized companies that are traded in the US.
