Investment strategy

The sub-fund is actively managed. It mainly invests in equities of companies in Europe. The sub-fund may or may not hedge currency risk at portfolio level, at the discretion of the investment manager. The sub-fund uses derivatives to reduce various risks (hedging), manage the portfolio more efficiently, and gain exposure (long or short) to various assets, markets or other investment opportunities.

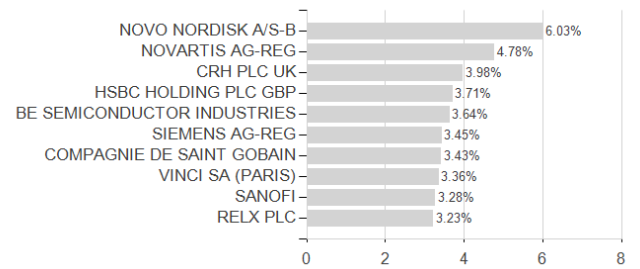

Investment goal

Seeks to increase the value of your investment (mainly through income), and outperform the benchmark, over the recommended holding period, while achieving an ESG score greater than that of the benchmark.
