NOTE 2

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Presentation of financial statements

The financial statements are prepared in accordance with generally accepted accounting principles and presented in accordance with the legal reporting requirements applicable in Luxembourg relating to UCIs.

b) Foreign exchange translation for each sub-fund

Cash at banks, other net assets as well as the market value of the investment portfolio in currencies other than the currency of the sub-fund are translated into the currency of the sub-fund at the exchange rate prevailing at the closing date.

Income and expenses in currencies other than the currency of the sub-fund are translated into the currency of the sub-fund at the exchange rate prevailing at the transaction date.

Net realised gain/loss on foreign exchange is included in the statement of operations and changes in net assets.

c) Combined financial statements of the SICAV

The combined financial statements of the SICAV are expressed in Euro ("EUR") and correspond to the sum of the corresponding items in the financial statements of the different sub-funds, converted into EUR at the exchange rate prevailing at June 30, 2023.

d) Valuation of assets

1) Securities and other assets listed or dealt in on a stock exchange or another regulated market are valued at the last available price; where such securities or other assets are listed or dealt in one or by more than one stock exchange or any other regulated market, the Board of Directors of the SICAV shall make regulations for the order of priority in which stock exchanges or other regulated markets are used for the provisions of prices of securities or assets.

2) Assets not listed or dealt in on a stock exchange or another regulated market, or assets so listed or dealt in for which the last available price is not representative of a fair market value, are valued, prudently and in good faith by the Board of Directors of the SICAV, on the basis of their estimated sale prices.

3) Cash in hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received will be valued at their face value with interest accrued.

4) The units/shares of open-ended UCIs are valued on the basis of the last known net asset value ("NAV") or, if the price so determined is not representative of their fair market value, are valued as the Board of Directors of the SICAV may deem fair and reasonable. Units/shares of closed-ended UCIs are valued on the basis of their last available market value.

Notes to the financial statements as at June 30, 2023 (continued)

5) For each sub-fund, securities whose value is expressed in a currency other than the reference currency of that sub-fund are converted into that reference currency at the average rate between the last available buy/sell rate in Luxembourg or, failing that, in a financial centre which is most representative for those securities.

6) Any other security, instrument or asset will be valued, prudently and in good faith, on the basis of their estimated sale prices by the Board of Directors of the SICAV.

e) Net realised gain/loss on sales of investments

The net realised gain/loss on sales of investments is calculated on the basis of the weighted average cost of the investments sold.

f) Cost of investment securities

Cost of investment securities in currencies other than the currency of the sub-fund is converted into the currency of the sub-fund at the exchange rate applicable at acquisition date.

g) Valuation of forward foreign exchange contracts

The unrealised gain/loss resulting from outstanding forward foreign exchange contracts are determined on the basis of the forward rates applicable at the period-end and are recorded in the statement of net assets. The net realised gain/loss and the change in net unrealised appreciations or depreciations on forward foreign exchange contracts are recorded in the statement of operations and changes in net assets.

h) Valuation of futures contracts

The liquidating value of futures contracts dealt in on a stock exchange or another regulated market is based on the last available settlement prices for the relevant NAV date published by such stock exchange or other regulated market where these particular futures contracts are traded. If a futures contracts could not be liquidated on the valuation day of the relevant assets, the basis for determining the liquidating value of such contract is such value as the Board of Directors of the SICAV may deem fair and reasonable.

i) Valuation of contracts for difference ("CFD")

CFD are valued on the basis of the difference between the price of their underlying on the valuation date and on the acquisition date.

j) Accounting of futures contracts and CFD

Unrealised gains and losses on futures contracts and CFD are settled daily through the reception/payment of a cash amount corresponding to the daily increase/decrease of the market value of each opened futures contract or CFD. Such cash amount is recorded under the caption "Cash at banks" in the statement of net assets and the corresponding amount is recorded under the caption "Net realised gain on forward contracts" in the statement of operations and changes in net assets.

Notes to the financial statements as at June 30, 2023 (continued)

k) Recognition of futures contracts and CFD

At the time of each NAV calculation, the margin call on futures and CFD is recorded directly in the realised capital gains and losses accounts relating to futures contracts or CFD by the bank account counterparty.

l) Valuation of options contracts

The options contracts listed or dealt in on a stock exchange or another regulated market are valued at the last available price for the relevant Net Asset Value date, where such securities or other assets are listed or dealt in one or by more than one stock exchange or any other regulated market.

The options contracts not listed or dealt in on a stock exchange or another organised market, or assets so listed or dealt in for which the last available price is not representative of a fair market value, are valued, prudently and in good faith, on the basis of their estimated sale prices.

The Management Company is responsible for the payment of the fees and expenses of the Investment Manager and, where relevant, the distributors. These fees are calculated and accrued daily and are payable quarterly in arrears.

NOTE 5

OPERATING AND ADMINISTRATIVE EXPENSES

The Operating and Administrative expenses are calculated as a percentage of the average daily net assets of each share class. They are accrued daily and payable quarterly at a maximum rate of 0.35% for all sub-funds or share class unless specified differently in the latest prospectus.

The Operating and Administrative expenses cover:

a) Expenses directly contracted by the SICAV, including but not limited to the depositary fees and expenses, auditing fees and expenses, the Luxembourg *Taxe d'Abonnement*, "Directors" fees and reasonable out-of-pocket expenses incurred by the Board of Directors of the SICAV.

b) A "fund servicing fee" paid to the Management Company which is the remaining amount of the Operating and Administrative Expenses after deduction of the expenses detailed under section a) above.

Notes to the financial statements as at June 30, 2023 (continued)

The Management Company then bears all fees and expenses incurred in the day to day operation and administration of the SICAV, including but not limited to formation expenses such as organisation and registration costs, accounting expenses covering fund accounting and administration services; transfer agency expenses covering registrar and transfer agency services; the Administrative Agent and Domiciliary Agent services; the fees and reasonable out-of-pocket expenses of the paying agents and representatives; legal fees and expenses; ongoing registration, listing and quotation fees, including translation expenses; the cost of publication of the share prices and postage, telephone, facsimile transmission and other electronic means of communication; and the costs and expenses of preparing, printing, and distributing the SICAV's Prospectus, Key Investor Information Documents or any offering document, financial reports and other documents made available to Shareholders. The expenses incurred by the Management Company in relation to the launch of additional sub-funds may, at the discretion of the Board of Directors of the SICAV, be capitalised and amortized over a period not exceeding five years, as permitted by the 2010 Law.

The Management Company instructs the SICAV to pay for the expenses directly contracted by it (as listed above) as well as for the SICAV administrator fees and expenses directly out of the assets of the SICAV. In such case the fee due to the Management Company is reduced accordingly.

Operating and Administrative Expenses do not include taxes, transaction fees and extraordinary expenses.

NOTE 6

PERFORMANCE FEES

The Management Company is also entitled to receive a performance fee that may be levied only in case there is a difference in favour of the Investor between the relative evolution of the relevant sub-fund and a reference index (i.e. an outperformance).

The performance fee is calculated and accrued at each Applicable NAV on the basis of NAV after deducting all expenses, the management fee (but not the performance fee) and adjusted for subscriptions and redemptions during the relevant performance period. Such performance fee is payable annually in arrears.

NOTE 7 OTHER FEES PAYABLE

As at June 30, 2023, the other fees payable include mainly operating expenses.

NOTE 8 SUBSCRIPTION AND REDEMPTION COMMISSION (DILUTION LEVY)

The issue price for shares in each class is equal to the NAV of each share in that class, dated on the Business Day of the applicable day of subscription.

The redemption price for shares in each class is equal to the NAV of each share in that class dated the Business Day on which application for redemption has been accepted.

Under certain circumstances (for example, large volumes of deals) investment and/or disinvestment costs may have an adverse effect on the Shareholders' interest in the SICAV. In order to prevent this effect, called "dilution levy", the Board of Directors of the SICAV has the power to charge a "dilution levy" on the issue, redemption and/or conversion of shares. If charged, the dilution levy is paid into the relevant sub-fund and becomes part of the relevant sub-fund. The dilution levy for each sub-fund is calculated by reference to the costs of dealing in the underlying investments of that sub-fund, including any dealing spreads, commission and transfer taxes.

The need to charge a dilution levy depends on the volume of issues, redemptions or conversions. The Board of Directors of the SICAV may charge a discretionary dilution levy on the issue, redemption and/or conversion of shares, if in its opinion, the existing Shareholders (for issues) or remaining Shareholders (for redemptions) might otherwise be adversely affected. In any case the dilution levy shall not exceed 2.00% of the NAV per share.

Notes to the financial statements as at June 30, 2023 (continued)

During the period ended June 30, 2023, none of the sub-funds used the dilution levy mechanism.

In addition, for certain classes as defined in the Prospectus, the issue or redemption price may be increased/reduced by sales commissions for the sub-funds Alken Fund - European Opportunities, Alken Fund - Small Cap Europe, Alken Fund - Absolute Return Europe, Alken Fund - Global Sustainable Convertible, Alken Fund - Sustainable Income Opportunities and Alken Fund - Sustainable Europe, which are paid to intermediaries and do not exceed:

- Maximum 3.00% of the NAV of each share for subscription,
- Maximum 3.00% of the NAV of each share for redemption.

In addition, for certain classes as defined in the Prospectus for which the above described sales commission of up to 3% of the NAV of each share for subscription cannot be charged by the professional intermediaries to their, the issue price may instead be increased by commissions for the sub-funds Alken Fund - European Opportunities and Alken Fund - Sustainable Income Opportunities, which are charged by the Management Company to remunerate intermediaries and do not exceed:

- Maximum 1.00% of the NAV of each share for subscription.

The issue price/redemption price shall be increased/reduced to cover any duties, taxes and stamp duties which might have to be paid.

NOTE 9
