Allianz Global Investors Fund - Allianz Tiger Share Class A (USD)

Managed by Allianz Global Investors Luxembourg S.A., part of Allianz Global Investors

Objectives and Investment Policy

The fund aims to generate capital appreciation in the long term.

We invest at least 70% of the fund's assets directly or using derivatives in equities and equivalent securities of companies incorporated in China, Hong Kong, Singapore, Korea, Taiwan, Thailand, Malaysia or the Philippines or deriving the majority of their revenues and/or profits in such a country. We may also invest in other equities and equivalent securities.

You may redeem shares of the fund usually on each business

day.

We usually distribute the income of the fund on a yearly basis.

Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within 10 years.

Derivatives may be used to offset exposure to price fluctuations (hedging), to take advantage of price differences between two or more markets (arbitrage) or to multiply gains although it may also multiply losses (leverage).

Risk and Reward Profile

This risk and reward indicator is based on past performance data. It may not be a reliable indication of the future risk profile of the fund.

The categorisation of the fund is not guaranteed and may change in the future.

Even the lowest category 1 does not mean a risk-free investment.

Why is the fund in this category?

Funds of category 7 have shown in the past a very high volatility. The volatility describes how much the value of the fund went up and down in the past. The units of a fund of category 7 might be subject to very high price fluctuations based on the historical volatilities observed.

Risks which are materially relevant to the Fund include:

We may invest directly or indirectly a significant portion of the fund into emerging market assets. Such assets often are held in safekeeping in emerging market countries which may result in operational risks or may cause difficulties in selling these assets.

Charges

These charges are used to pay the costs of running the fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges deducted before or after you invest

Entry Charge	5.00%
Exit Charge	0.00%
This is the maximum charge that might be taken out of your money before it is invested or before the proceeds of your investments are paid out.	

Charges taken from the fund over a year

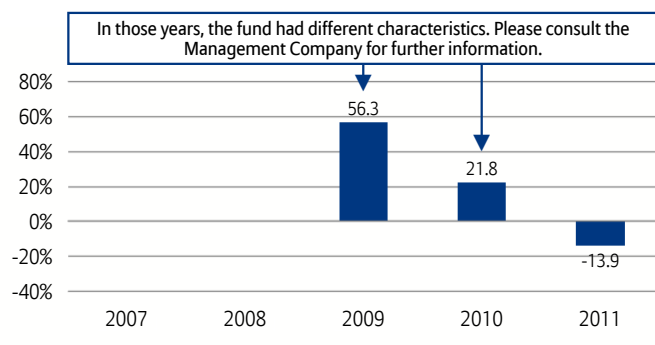

Ongoing Charges	2.30%
-----------------	-------

The entry and exit charges shown are maximum figures. In some cases you might pay less – you can find actual entry and exit charges from your financial adviser.

The ongoing charges shown are based on the fund's last financial year ending 30.09.2011. It may vary from year to year. It does not include transaction costs incurred when we buy or sell assets for the fund.

You will find more details about the calculation of the charges by checking the respective part of the prospectus.

Past Performance

■ Percentage growth of the fund

Past performance is not a reliable guide to future performance.

The past performance shown here takes account of all charges and costs with the exception of the entry, switching and exit charge.

The fund was launched in 2008.

The performance of the fund is calculated in USD.

In 2010 there was a material change of the fund's objectives and investment policy. The previous performance was achieved under circumstances that no longer apply.
