BNY MELLON LIQUIDITY FUNDS PLC

LETTERS TO THE SHAREHOLDERS - BNY MELLON U.S. TREASURY FUND

We are pleased to present the interim report for BNY Mellon U.S. Treasury Fund (the “Sub-Fund”) for the financial period ended 31 March 2023.

Performance Summary:

Over the six-month period ending 31 March 2023, the Sub-Fund’s Advantage share class returned 1.94% on a net-of-fees basis, compared to the performance of the iMoneyNet Offshore Money US Government Sector average net return of 1.98%, both in US dollar terms. The Sub-Fund’s 30-day simple net yield at the 31 March 2023 was 4.54%, compared to the iMoneyNet Offshore Money US Government Sector average 30-day simple net yield of 4.52%.

Economy/Strategy:

During the last six months the Federal Reserve (“Fed”) has increased the federal funds target rate by 1.75% as they acknowledged that inflation pressures were no longer transitory. The increase moved the policy rate from 3.25% to 5.0%.

With inflation momentum slowing towards the end of last year the Federal Reserve downshifted the pace of policy tightening from the 50-75 basis points (“bps”) seen in the 4th quarter 2022 to 25 bps per meeting in 2023. The market now forecasts that the Fed is like to increase rates by 25 bps at the May Federal Open Market Committee (“FOMC”) meeting and is closer to reaching its terminal rate of 5.125%.

Economic data has shown that the US remains resilient in the face of continuing uncertainty brought on by higher rates. Inflation continues to be stubbornly high, particularly in labour with the unemployment rate remains historically low at 3.5% but economic momentum has clearly shifted lower as the higher rates affect the most rate sensitive parts of the economy.

With the backdrop of the Fed continuing to raise rates both U.S. dollar Sub-Funds maintained a low duration profile but were opportunistic in buying term securities.

We look for the Sub-Funds to maintain competitive yields, high amounts of liquidity and be opportunistic in adding term securities.

Outlook:

As we approach the potential terminal rate and economic concerns grow, forecasts are now pricing in a pivot to lower interest rates by the end of 2023.

The Fed has left their expected year end 2023 rate unchanged at 5.125%

Market rates and Fed expectations also moved dramatically lower following the regional banking events in March 2023.

An added risk event for the Treasury markets has been the reinstatement of the debt ceiling, investors have a range of dates within the expected “X” date which the market believes is between late June and August and will add

general uncertainty until its resolved.

With the backdrop of a still active Fed, many market participants continued to add to their overnight and floating rate positions while acknowledging that we are closer to a potential peak in short term rates.

April 2023

Subsequent Event:

On 3 May 2023, the Fed announced 25 bps increase, moving the federal funds rate to 5.00% to 5.25% range. The Fed communicated their intent to pause further rate hikes while allowing room to increase if the economic data supports it. Markets are currently pricing in multiple rate cuts by end of 2023.

BNY MELLON LIQUIDITY FUNDS PLC

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL

BNY Mellon Liquidity Funds plc (the “Company”) is an umbrella type open-ended investment company with variable capital comprising of BNY Mellon U.S. Treasury Fund and BNY Mellon U.S. Dollar Liquidity Fund (each a “Sub-Fund”, collectively the “Sub-Funds”). The Company has segregated liability between its Sub-Funds and was incorporated with limited liability in Ireland as a public limited company on 8 March 1996 with registration number 245903. The Company is authorised by the Central Bank of Ireland (the “Central Bank”) pursuant to the European Communities (Undertakings for Collective Investments in Transferable Securities) Regulations, 2011 (as amended) (the “UCITS Regulations”).

Additional Sub-Funds may, with prior approval of the Central Bank, be created by the Directors.

2. SIGNIFICANT ACCOUNTING POLICIES

STATEMENT OF COMPLIANCE

The condensed financial statements for the financial period ended 31 March 2023 have been prepared in accordance with Financial Reporting Standard (“FRS”) 104: “Interim Financial Reporting” and Irish statute comprising the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48 (1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the “Central Bank UCITS Regulations”). The condensed financial statements should be read in conjunction with the audited financial statements for the financial year ended 30 September 2022, which have been prepared in accordance with FRS 102: “The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland” (“FRS 102”) and Irish statute.

BASIS OF PREPARATION

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires the Directors to exercise their judgement in the process of applying the Company’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed separately.

The financial statements have been prepared on a going concern basis for the Company under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through the profit or loss.

The format and certain wordings of the financial statements have been adapted from those contained in the Companies Act 2014, as amended, so that, in the opinion of the Directors, they more appropriately reflect the nature of the Company’s business as an investment fund.

The Company has availed of the exemption available to open-ended investment funds not to prepare a cash flow statement on the basis that substantially all of the Company’s investments are highly liquid and carried at fair value, and the Company provides a statement of changes in net assets attributable to redeemable participating shareholders.

FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE – CLASSIFICATION

The Company classifies its investments as financial assets or financial liabilities at fair value through profit or loss. These financial assets and financial liabilities are designated by the Directors at fair value through profit or loss at inception and are managed and have their performance evaluated on a fair value basis, in accordance with the investment strategy of the Sub-Funds as documented in the prospectus.

FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE – RECOGNITION AND MEASUREMENT

Regular purchases and sales of investments are recognised on the trade date – the date on which the Company commits to purchase or sell the investment. Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value.

Gains and losses arising from changes in the fair value of the “financial assets at fair value through profit or loss” category are included in the Statement of Comprehensive Income within “net gains/losses on financial assets at fair value through profit or loss” and “net unrealised gains/losses on financial assets at fair value through profit or loss” in the financial period in which they arise.

Realised gains and losses on investment disposals are calculated using the First-In First-Out (“FIFO”) method and are also included in the Statement of Comprehensive Income as a component of “net gains/losses on financial assets at fair value through profit or loss” in the financial period in which they arise.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE – RECOGNITION AND MEASUREMENT (CONTINUED)

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership.

FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE – FAIR VALUE ESTIMATION

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. The Company may from time to time invest in financial instruments that are not traded in an active market. The fair value is determined by using valuation techniques. The Company uses a variety of methods and makes assumptions that are based on market conditions existing at the reporting date. Valuation techniques used include the use of discounted cashflow analysis and other valuation techniques used by market participants.

The Company has applied the recognition and measurement provisions of International Accounting Standards (“IAS”) 39 “Financial Instruments: Recognition and Measurement” (“IAS 39”) as adopted for use in the European Union.

REPURCHASE AGREEMENTS

Securities purchased under agreements to resell are valued at amortised cost which is deemed to be their fair value. Repurchase agreements are predominantly collateralised by government securities which are held on behalf of the Sub-Funds by the tri-party agent and may be crystallised in the event of a default of the counterparty. The Sub-Funds monitor, on a daily basis, the value of the collateral to ensure it is at least 102% of the principal amount of the repurchase agreements (including accrued interest) for U.S. Government-issued securities.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents are valued at their face value, with interest accrued where applicable at close of business on the relevant business day. Cash equivalents include deposits held at call with banks and other short-term investments in an active market with original maturities of three months or less.

RECEIVABLES

Receivables include interest receivable, amounts due from Manager and other receivables. These amounts are recognised initially at fair value and subsequently measured at amortised cost.

FINANCIAL LIABILITIES AT AMORTISED COST

Financial liabilities at amortised cost include redemptions payable, management fees payable, administration fees payable, depositary fees payable, auditors’ remuneration payable, distribution payable and other expenses payable. These amounts are recognised initially at fair value and subsequently measured at amortised cost.

INCOME FROM INVESTMENTS

Interest income on interest bearing financial instruments is accounted for on an accruals basis and shown as a component of “net gains/losses on financial assets at fair value through profit or loss”. Bank interest income is accounted for on a cash receipts basis.

EXPENSES

Expenses are accounted for on an accruals basis.

FUNCTIONAL AND PRESENTATIONAL CURRENCY

Items included in the Company’s financial statements are measured using the currency of the primary economic environment in which each Sub-Fund operates (the “functional currency”). The functional currency of each Sub-Fund has been evaluated by the Directors.

The functional currency of BNY Mellon U.S. Treasury Fund and BNY Mellon U.S. Dollar Liquidity Fund is U.S. Dollar (“USD”). The presentation currency is the same as the functional currency for the Sub-Funds.

The presentation currency of the Company is USD, which has been evaluated by the Directors based on the currency of the Sub-Funds’ investors’ base which are significantly denominated in USD.

REDEEMABLE PARTICIPATING SHARES

Redeemable participating shares are redeemable at the shareholders’ option and are classified as financial liabilities. The redeemable participating share can be put back to the Company at any time for cash equal to a proportionate share of the Company’s net asset value. The redeemable participating shares are carried at the redemption amount that is payable if the shareholder exercised its right to put the share back to the Company.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REDEEMABLE PARTICIPATING SHARES (CONTINUED)

The issue and redemption price of the redeemable participating shares is based on the relevant net asset value per share, as calculated on the subscription or redemption date for the transaction concerned.

DISTRIBUTIONS TO REDEEMABLE PARTICIPATING SHAREHOLDERS

The Company declares distributions on each business day for the distributing share classes of the Sub-Funds of the Company, with the objective of distributing all or substantially all of its net investment income. Distributions are not paid on the accumulating share classes of the Sub-Funds of the Company; net investment income is added back to the net assets of these share classes on a daily basis. Distributions on the redeemable participating shares are recognised as “finance costs” when declared in the Statement of Comprehensive Income.

TRANSACTION COSTS

Transaction costs are costs incurred to acquire financial assets at fair value through profit or loss. They include the fees and commissions paid to agents, advisers, brokers and dealers. For debt instruments, the bid-ask spread is embedded in the purchase and sale price of the securities and are not separately verified or disclosed. There are no transaction costs associated with repurchase agreements.

3. NET GAINS OR LOSSES ON FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

An analysis of net gains or losses on financial assets at fair value through profit or loss is as follows:

For the financial period ended 31 March 2023

	BNY Mellon U.S. Treasury Fund USD	BNY Mellon U.S. Dollar Liquidity Fund USD	Company Total USD
Investment coupon income	915,192	92,952,921	93,868,113

Fee Waivers

Additionally, during the prior financial period, the yields on the Sub-Funds remained at such a level at which it was not possible for the Manager to charge full annual management fees without the risk of eroding capital. The Manager had therefore waived some of the annual management fees during the prior financial period, thereby lowering the Sub-Funds overall expense ratios and increasing the yields or investment returns to shareholders. Accordingly, the Sub-Funds will not be liable to pay the Manager at a later time, for management fees waived by the Manager.

The total fees waived across the Sub-Funds for the financial period are detailed below:

	BNY Mellon U.S. Treasury Fund USD	BNY Mellon U.S. Dollar Liquidity Fund USD
31 March 2023	—	—
31 March 2022	16,396,023	15,407,350

Expense Reimbursements

The Manager has voluntarily assumed certain expenses of the Sub-Funds. During the financial period ended 31 March 2023, the Manager has assumed expenses of USD 1,861,667 (31 March 2022: USD 2,192,118) which include administration fees, depositary fees, Directors' fees, auditors' remuneration and other expenses.

The Manager, at any time in its sole discretion, may modify or terminate any such voluntary fee waiver, assumption of expenses or other arrangements to reduce expenses of the Sub-Funds upon notice in writing to the Company. Accordingly, the Sub-Funds will not be liable to pay the Manager at a later time, for any expenses voluntarily assumed by the Manager.

Investment Adviser

The Manager is responsible for and discharges the fees for BNY Mellon Investment Adviser, Inc (the "Investment Adviser") out of the fees paid to the Manager.

5. ADMINISTRATION FEES

The Manager is responsible for and discharges the fees of BNY Mellon Fund Services (Ireland) Designated Activity Company (the "Administrator") out of the fees paid to the Manager and is entitled to reimbursement out of the assets of each Sub-Fund for any such fee paid. The Administrator is entitled to a fee calculated and charged monthly in arrears. These fees are calculated based on the total assets under management of the Sub-Funds.

5. ADMINISTRATION FEES (CONTINUED)

The Administrator shall also be entitled to be reimbursed for certain expenses incurred by it in the performance of its duties under the administration agreement.

Fees accrued to the Administrator and the amounts due at the financial period end are included as "Administration fees" and "Administration fees payable" in the Statement of Comprehensive Income and Statement of Financial Position, respectively.

6. DEPOSITARY FEES

Under the depositary agreement, The Bank of New York Mellon SA/NV, Dublin Branch (the "Depositary") is entitled to a fee that is calculated and charged monthly in arrears. These fees are calculated based on the total assets under management of the Sub-Funds.

The Depositary shall also be entitled to be reimbursed for certain transactional and other expenses incurred by it in the performance of its duties under the depositary agreement.

Fees accrued to the Depositary and the amounts due at the financial period end are included as "Depositary fees" and "Depositary fees payable" in the Statement of Comprehensive Income and Statement of Financial Position, respectively.

7. DIRECTORS' FEES

The Directors shall be entitled to a fee and remuneration for their services at a rate to be determined from time to time by the Directors which shall not exceed EUR 40,000 for any Director in any one financial year without the approval of the Board. Any Director who holds any executive office or who serves on any committee, or who otherwise performs services which in the opinion of the Directors are outside the ordinary duties of a Director or who devotes special attention to the business, may be paid such extra remuneration as the Directors may determine.

Mr. Gregory Brisk and Mr. Gerald Rehn[^] are full time executives of the BNY Mellon Group. Mr. Gregory Brisk, Mr. Gerald Rehn[^] and Mr. Mark Flaherty also serve as Directors of the Manager. Mr. Gregory Brisk and Mr. Gerald Rehn[^] also serve as Directors of the Global Sub-Distributor, BNY Mellon Investment Management EMEA Limited; and Ms. Caylie Stallard and Ms. Sarah Cox[^] are employees of same. Mr. Gregory Brisk, Mr. Gerald Rehn[^], Mr. Mark Flaherty, Ms. Caylie Stallard and Ms. Sarah Cox[^] have waived their right to receive a fee for their services as Directors of the Company. Details of the related party transactions are disclosed in Note 15 to the financial statements.

Fees accrued to the Directors during the financial period are included as "Directors' fees" in the Statement of Comprehensive Income.

[^] Please refer to Note 19 of the financial statements.

8. SHARE CAPITAL

AUTHORISED

The authorised share capital of the Company is USD 60,000 divided into 60,000 subscriber shares of USD 1.00 each and 500,000,000,000 at no par value initially designated as unclassified shares. The unclassified shares are available for issue as participating shares.

SUBSCRIBER SHARES

The 60,000 subscriber shares at USD 1.00 each were all issued as fully paid and are held by the Manager. The subscriber shares do not entitle the holders to any distribution and on a winding up, entitle the holder thereon but not otherwise to participate in the assets of the Company. The subscriber shares do not form part of the net asset value of the Company and are thus disclosed in the financial statements by way of this note only.

8. SHARE CAPITAL (CONTINUED)

REDEEMABLE PARTICIPATING SHARES

Redeemable participating shares carry the right to a proportionate share in the assets of the Sub-Funds and to any distributions that may be declared. The holder of the share is entitled to one vote each on a poll. Shares are redeemed by shareholders at prices based on the value of the relevant class of net assets (which, save for the accumulating classes will usually be a stabilised value of USD 1.00 for the Sub-Fund). Should a shareholder redeem all such shares in their accounts in a calendar month, all distributions to which such shareholder is entitled will be paid with the proceeds at redemption.

The table below provide details of shares in issue at the beginning of the financial period, shares issued and redeemed during the financial period and shares outstanding at the financial period ended 31 March 2023 for each Sub-Fund:

9. TAXATION

Under current law and practice, the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act 1997 (as amended). On that basis, it is not chargeable to Irish tax on its income and gains.

Irish tax may, however, arise on the happening of a chargeable event. A chargeable event includes any distribution payments to shareholders or any encashment, redemption or transfer of shares and the holding of shares at the end of each eight year period beginning with the acquisition of such shares. No Irish tax will arise on the Company in respect of chargeable events in respect of:

9. TAXATION (CONTINUED)

- (a) a shareholder who is not Irish resident and not ordinarily resident in Ireland for tax purposes at the time of the chargeable event, provided, in each case, that an appropriate valid declaration in accordance with provisions of the Taxes Consolidation Act, 1997 (as amended) is held by the Company, or the Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations, and
- (b) certain exempted Irish resident investors (as defined in Section 739D of the Taxes Consolidation Act, 1997, (as amended)) who have provided the Company with the necessary signed statutory declarations.

Distributions, interest and capital gains (if any) received on investments made by the Company may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

10. CASH AND CASH EQUIVALENTS

All cash accounts and bank overdrafts of the Company are held with the Depositary.

Cash account arrangements have been put in place in respect of the Sub-Funds as a consequence of the introduction of the requirements relating to the subscription and redemption collection accounts pursuant to the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(i)) Investor Money Regulations 2015 for Fund Service Providers (“Investor Money Regulations”), which took effect from 1 July 2016.

These cash accounts, held with the Depositary for collection of subscriptions and payment of redemptions and distributions for the Sub-Funds, are deemed assets of the Sub-Funds. In respect of BNY Mellon U.S. Dollar Liquidity Fund, there was a balance of USD 500,000 as at 31 March 2023 in respect of amount for redemptions payable, which is recognised on the Statement of Financial Position. The balances on these cash accounts as at 30 September 2022 were immaterial in respect of the relevant Sub-Fund to which they were due.

The balances on the cash accounts of the former BNY Mellon Sterling Liquidity Fund (closed as of 31 May 2018) as at 31 March 2023 amounted to GBP 870,523 (30 September 2022: GBP 870,523) which represents amounts due to former shareholders in that Fund pending full AML/KYC/CTF documentation being delivered to the Company.

11. REPURCHASE AGREEMENTS

Interest rates vary for each repurchase agreement and are set at the initiation of the agreement. It is the Company’s policy that cash and/or securities be received as collateral on a daily basis and held on behalf of the Sub-Funds by the tri-party agent in accordance with the requirements of the Central Bank UCITS Regulations to protect the Company in the event the cash and/or securities are not redeemed or repurchased by the counterparty. The Company will generally obtain additional collateral if the market value of cash and/or underlying securities is less than the obligation to repurchase under the repurchase agreement plus any accrued interest. In the event of default on the obligation to repurchase, the Company has the right to liquidate the collateral and apply the proceeds in satisfaction of the obligation. In the event of default or bankruptcy by the counterparty to the agreement, realisation and/or retention of the collateral or proceeds may be subject to legal proceedings.

Details of the repurchase agreements are provided in the “Efficient Portfolio Management” section and comments on the relevant credit risk in the “Credit Risk” section of Note 12 to the financial statements.

12. RISK MANAGEMENT OBJECTIVES AND POLICIES

COMPANY RISK

The Company’s investment activities expose it to the various types of risk which are associated with the financial instruments and markets in which it invests: market risk (including market price risk, interest rate risk and currency risk), credit risk and liquidity risk. The Company has in place risk management programmes that seek to limit the potential adverse effects of these risks on the Sub-Funds’ financial performance.

The prospectus of the Company sets out a comprehensive disclosure of the risks that the Sub-Funds face and readers of these financial statements should therefore refer to the prospectus to ensure they have a full understanding of these risks. Purely for the purpose of these financial statements and to facilitate compliance with accounting standards, the main risks arising from the Sub-Funds’ investment strategies and measures thereof can be summarised as follows:

12. RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

MARKET RISK

Market risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: market price risk, interest rate risk and currency risk.

Market Price Risk

Market price risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk and currency risk), whether those changes are caused by factors specific to individual financial instruments or its issuer, or other factors affecting similar financial instruments traded in the market.

The specific nature of the Company's investments i.e. short dated fixed income securities are such that the Company's exposure to market price risk is minimal and not considered material for the purposes of this note.

Interest Rate Risk

Interest rate risk is composed of fair value interest rate risk and cash flow interest rate risk. Fair value interest rate risk is defined as the risk that the fair value of a financial instrument will fluctuate because of changes in market interest rates. This risk arises on financial instruments whose fair value is affected by changes in interest rates. Cash flow interest rate risk is the risk that a change in interest rates would have a direct impact on the yield generated by the Sub-Funds over the period (given the short term nature of the securities and the need to roll over into the new issues on a frequent basis at revised rates).

The Investment Adviser look to manage the Company's exposure to interest bearing instruments by investing in instruments with a short period remaining to maturity thereby minimising the risk to the Sub-Funds of fluctuations in interest rates. These instruments are monitored on a daily basis by the Investment Adviser. The Sub-Funds are AAA rated by both Moody's and Standard & Poor's ("S&P") and interest rate sensitivity is restricted to a maximum of 60 days Weighted Average Maturity ("WAM").

Currency Risk

Currency risk is the risk that the fair value of a financial instrument will fluctuate because of changes in foreign exchange rates. The risk arises on financial instruments that are denominated in a currency other than the functional currency in which they are measured.

The assets and liabilities of the Sub-Funds are transacted and held in the functional currency of the Sub-Funds. Consequently, the Sub-Funds are not exposed to currency risk.

CREDIT RISK

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. This includes counterparty risk and issuer risk. Financial assets, which potentially expose the Sub-Funds to credit risk, consist principally of interest bearing securities such as bonds, certificate of deposits, commercial paper, repurchase agreements and investments in cash balances and deposits with and receivable from brokers. The extent of the Sub-Funds' exposure to credit risk in respect of these financial assets approximates their carrying value as recorded in the Statement of Financial Position.

All of the assets of the Sub-Funds, with the exception of repurchase agreements and time deposits are held by the Depository. Repurchase agreements and time deposits are held by various counterparties.

The Investment Adviser manage issuer risk through building diversified portfolios to limit exposure to any one issuer in accordance with the Sub-Funds' investment objectives and the requirements of the Central Bank UCITS Regulations. Additionally, the Investment Adviser will limit acquisition of debt instruments to those instruments carrying a credit rating equal to or in excess of that provided for in the Sub-Funds' investment objectives. The Investment Adviser monitors these restrictions on a daily basis.

All transactions in listed securities are settled/paid upon delivery using approved brokers. The risk of broker default is considered minimal as delivery of securities sold is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker.

The Sub-Funds invest in repurchase agreements and the counterparty to the repurchase agreements must have a minimum credit rating of A-2 or equivalent, or must be deemed by the Company to have an implied rating of A-2 or equivalent.

12. RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

CREDIT RISK (continued)

For the purposes of diversifying available investment counterparties, the Sub-Funds have entered into repurchase agreements with a limited number of approved counterparties. To minimise the risk of a counterparty failing to meet its obligations under these agreements, the Sub-Funds look to hold collateral with a minimum percentage of 102% of the value of repurchase agreements for U.S. Government-issued securities. It is the Company's policy that cash and/or securities be received on a daily basis and held on behalf of the Sub-Funds by the tri-party agent in accordance with the requirement of the Central Bank UCITS Regulations to protect the Company in the event that cash and/or securities are not redeemed or repurchased by the counterparty. The tri-party agent used by the Sub-Funds is The Bank of New York Mellon ("BNY Mellon").

Repurchase agreements and collateral are settled and cleared in accordance with the tri-party agreement.

The Investment Adviser is responsible for ensuring the repurchase agreements are adequately collateralised.

In accordance with its responsibilities as set out in the Central Bank UCITS Regulations, the Depositary monitors in an oversight capacity that the UCITS regulatory requirements concerning the collateralisation of repurchase agreements are being adhered to. Details of collateral held are provided in the Schedule of Investments.

The Company's assets are held by the Depositary. The ultimate parent company of the Depositary is The Bank of New York Mellon Corporation (the "BNY Mellon Corp"), which is a global financial services company listed on the New York Stock Exchange, whose long term senior debt and long term deposit rating by S&P was A at the end of the financial period (30 September 2022: A).

LIQUIDITY RISK

Liquidity risk is the risk that the Sub-Funds may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Sub-Funds are exposed to daily cash redemptions of redeemable participating shares. The Company therefore invests the Sub-Funds' assets in investments that are traded in a liquid market and can be readily realised. In order to manage the Company's overall liquidity and to facilitate an orderly disposition of securities, the Directors are able to refuse to repurchase any shares in excess of one tenth of the shares in issue in a Sub-Fund on any one valuation day by way of the provisions in the prospectus.

FAIR VALUE ESTIMATION

The Company has classified fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3: Inputs for the asset or liabilities that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability. The determination of what constitutes "observable" requires significant judgement by the Company.

The Company considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

GLOBAL EXPOSURE

The Sub-Funds are currently not utilising derivatives. If derivatives were held by the Sub-Funds, the relevant global exposures would be calculated using the commitment approach as the total of the Sub-Funds' net position exposures.

EFFICIENT PORTFOLIO MANAGEMENT

The Company may, on behalf of each Sub-Fund and subject to the conditions and within the limits laid down by the Central Bank, employ techniques and instruments relating to transferable securities, including investments in financial derivative instruments, provided that such techniques and instruments are used for efficient portfolio management purposes or to provide protection against exchange risk. Such techniques and instruments may include swaps, repurchase agreements and loans of portfolio securities.

12. RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

EFFICIENT PORTFOLIO MANAGEMENT (continued)

The Company enters into repurchase agreements for the purposes of efficient portfolio management. The use of repurchase agreements does not create leverage in any of the Sub-Funds of the Company. During the financial year, the Sub-Funds earned revenues from repurchase agreements. This income is remitted in full to the Sub-Funds and is shown separately as “Repurchase agreement interest income” in the Statement of Comprehensive Income. There are no transaction costs associated with repurchase agreements.

14. SOFT COMMISSION AND DIRECTED BROKERAGE

There were no soft commission and directed brokerage arrangements affecting the Company during the financial period ended 31 March 2023 or 31 March 2022.

15. RELATED PARTY TRANSACTIONS AND BALANCES

In the opinion of the Directors, the Manager and the Investment Adviser, are related parties under Section 33 “Related Party Transactions” of FRS 102. Details of the fee arrangements between the Manager and the Investment Adviser are disclosed in Note 4 to the financial statements.

The Investment Adviser is also indirect subsidiary of the BNY Mellon Corp.

Mr. Gregory Brisk and Mr. Gerald Rehn[^] are full time executives of the BNY Mellon Group. Mr. Gregory Brisk, Mr. Gerald Rehn[^] and Mr. Mark Flaherty also serve as Directors of the Manager. Mr. Gregory Brisk and Mr. Gerald Rehn[^] also serve as Directors of the Global Sub-Distributor, BNY Mellon Investment Management EMEA Limited; and Ms. Caylie Stallard and Ms. Sarah Cox[^] are employees of same. Details of the fee arrangements between the Company and the Manager are disclosed in Note 4 to the financial statements.

The Manager is ultimately a wholly owned subsidiary of the BNY Mellon Corp and is a part of The Bank of New York Mellon Corporation group of companies.

Mr. Gerald Rehn[^] is a full time executive of the Global Sub-Distributor, BNY Mellon Investment Management EMEA Limited.

The Sub-Funds entered into repurchase agreements with BNY Mellon as tri-party agent. Details of collateral held with BNY Mellon are provided in the Schedule of Investments.

The Manager owns 60,000 shares of the Company’s subscriber shares as disclosed in Note 8 of the financial statements.

There was no ultimate controlling party of the Company during the financial period ended 31 March 2023 and financial year ended 30 September 2022.

[^] Please refer to Note 19 of the financial statements.

16. CONNECTED PERSONS TRANSACTIONS

In accordance with the requirements of Section 43(1) of the Central Bank UCITS Regulations, any transaction carried out with the Company by its management company or depositary, and the delegates or sub-delegates of such management company or depositary (excluding any non-group company sub-custodian appointed by a depositary), and any associated or group company of such a management company, depositary, delegate or sub-delegate (“connected persons”) must be carried out as if negotiated at arm’s length.

Such transactions must be in the best interests of the shareholders. In addition to those transactions, there are also transactions carried out by connected persons on behalf of the Company to which the Directors have no direct access and in respect of which the Directors must rely upon assurances from its delegates that the connected persons carrying out those transactions do carry them out on a similar basis.

Shareholders should have regard to the governance structure of the Company as more particularly described in the Corporate Governance Statement section of the Directors’ Report in the Annual Report and Accounts and the roles and responsibilities of the Company’s respective delegates subject to the overall supervision of the Board. Further, shareholders should refer to the prospectus which identifies many of the connected person transactions and the general nature of the contractual arrangements with the principal connected persons but it is not exhaustive of all connected person transactions. Shareholders should also refer to the provisions of the prospectus dealing with conflicts of interest.

Therefore, having regard to confirmations from the Manager and its relevant delegates, the Board of Directors of the Company is satisfied that:

- (a) there are arrangements (as evidenced by written procedures documented by the Manager) in place to ensure that the obligations described above are applied to all transactions with connected persons; and

16. CONNECTED PERSONS TRANSACTIONS (CONTINUED)

(b) transactions with connected persons entered into during the financial year complied with these obligations, as attested by the Manager through regular updates to the Directors.

Note 15 details related party transactions in the financial period. However, shareholders should understand that not all “connected persons” are related parties as defined by the Financial Reporting Standard. Details of fees paid to related parties and certain connected persons are set out in Notes 4 to 7.

17. COMMITMENTS AND CONTINGENCIES

There were no commitments or contingencies as at 31 March 2023 or 30 September 2022.

18. SEGREGATED LIABILITY

The Company avails of the segregated liability provisions of Section 1405 (1) of the Companies Act 2014. As such, under Irish Law, the Company generally will not be liable as a whole to third parties and generally there will not be the potential for cross liability between the Sub-Funds.

19. SIGNIFICANT EVENTS DURING THE FINANCIAL PERIOD

Effective 8 February 2023, Mr. Gerald Rehn resigned as Director of the Company.

Effective 9 February 2023, Ms. Sarah Cox appointed as Director of the Company.

There have been no other significant events affecting the Company during the financial period.

20. SUBSEQUENT EVENTS

There have been no significant subsequent events affecting the Company since the financial period end.

21. APPROVAL OF FINANCIAL STATEMENTS

The financial statements were approved by the Board on 18 May 2023.

BNY MELLON LIQUIDITY FUNDS PLC

MAJOR CHANGES IN THE COMPOSITION OF THE PORTFOLIO

The Central Bank UCITS Regulations require material changes in the composition of the Portfolio to be disclosed. Material changes constitute the aggregate purchases of an investment, including repurchase agreements and time deposits, exceeding 1 percent of the total value of purchases and aggregate sales and maturities of an investment, including repurchase agreements and time deposits, exceeding 1 percent of the total value of sales and maturities, for the reporting financial period. If there are fewer than 20 purchases or 20 sales and maturities that meet the material changes criterion, at a minimum, the largest 20 purchases and 20 sales and maturities shall be disclosed.
