What is this product?

Type

This product is an investment fund. It is organised under Luxembourg law as a société anonyme qualifying as a société d'investissement à capital variable. It is authorised under Part I of the Luxembourg Law of 17 December 2010 and qualifies as an Undertaking for Collective Investments in Transferable Securities (UCITS).

Objectives, Process and Policies

Objective To provide long-term capital appreciation by investing in multiple eligible asset classes globally, employing a variety of non-traditional or alternative strategies and techniques, using derivatives where appropriate.

Investment Process

Investment Approach

- Diversified allocation of assets to multiple Sub-Investment Managers not affiliated with JPMorgan Chase & Co, that implement a range of non-traditional or alternative investment strategies and techniques, such as merger arbitrage/event-driven, long-short equity, relative value, credit, opportunistic/macro and portfolio hedge.
- Seeks to provide returns with low volatility and low sensitivity to traditional equity and fixed income markets.
- The Investment Manager will periodically review the allocations to the investment strategies, and may add to, remove or modify these based upon market considerations and opportunities, therefore all strategies mentioned above may not be represented at all times.

Benchmark uses and resemblance

Performance comparison.

The Sub-Fund is actively managed without reference or constraints relative to its benchmark.

Main investment exposure Invests in a diversified range of asset classes, either directly or through derivatives, including but not limited to, equities, government and corporate debt securities (including covered and high yield), convertible securities, commodity index instruments, UCITS, UCIs, ETFs and REITs. Issuers may be located in any country including emerging markets.

The Sub-Fund may invest up to 10% of its assets in distressed debt. The Sub-Fund may invest up to 10% of its assets in catastrophe bonds

The Sub-Fund may invest up to 15% in MBS/ABS and up to 10% in contingent convertible bonds.

The Sub-Fund may invest up to 10% in SPACs.

The Sub-Fund may invest up to 10% of its assets in China A-Shares through the China-Hong Kong Stock Connect Programmes.

There are no credit quality restrictions applicable to the investments. The Sub-Fund may be concentrated in certain industry sectors, markets or currencies.

The Investment Manager may manage a portion of the assets directly, including, without limitation, for portfolio hedging and temporarily adjusting the overall market exposure.

The Sub-Fund may hold up to 100% of its assets in Deposits with Credit Institutions, money market instruments and money market funds either as collateral for derivatives or until suitable investment

opportunities are found. All short positions will be held through derivatives.

At least 51% of long positions are invested in companies with positive environmental and/or social characteristics that follow good governance practices as measured through the Investment Manager's proprietary ESG scoring methodology and/or third party data.

The Sub-Fund invests at least 10% of assets excluding Ancillary Liquid Assets, Deposits with Credit Institutions, money market instruments, money market funds and derivatives for EPM, in Sustainable Investments, as defined under SFDR, contributing to environmental or social objectives.

The Investment Manager evaluates and applies values and norms based screening to implement exclusions. To support this screening, it relies on third party provider(s) who identify an issuer's participation in or the revenue which they derive from activities that are inconsistent with the values and norms based screens. The list of screens applied that may result in exclusions can be found on the Management Company's Website (www.jpmorganassetmanagement.lu).

This Share Class seeks to minimise the effect of currency fluctuations between the Reference Currency of the Sub-Fund (USD) and the Reference Currency of this Share Class (GBP).

Other investment exposure Up to 20% of net assets in Ancillary Liquid Assets for managing cash subscriptions and redemptions as well as current and exceptional payments. Up to 100% of net assets in Ancillary Liquid Assets for defensive purposes on a temporary basis, if justified by exceptionally unfavourable market conditions.

Derivatives Used for: investment purposes; hedging; efficient portfolio management. Types: see Sub-Fund Derivatives Usage table under How the Sub-Funds Use Derivatives, Instruments and Techniques in the Prospectus. TRS including CFD: 100% to 200% expected, 450% maximum. Legal Information JPMorgan Asset Management (Europe) S.à r.l. may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus.

JPMorgan Funds consists of separate Sub-Funds, each of which

issues one or more Share Classes. This document is prepared for a specific Share Class. The Prospectus and annual and semi-annual financial reports are prepared for JPMorgan Funds.

The Sub-Fund is part of JPMorgan Funds. Under Luxembourg law, there is segregated liability between Sub-Funds. This means that the assets of a Sub-Fund will not be available to meet a claim of a creditor or another third party made against another Sub-Fund.

Switching Investors may switch into Shares of another Share Class of the Sub-Fund, subject to meeting any relevant eligibility requirements and minimum holding amounts. However, switches into or out of the Sub-Fund are not permitted. Further information can be found in the "Investing in the Sub-Funds" section of the Prospectus.

What are the risks and what could I get in return? Risks

<u>^</u>

The risk indicator assumes you keep the product for 5 year(s).

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a mediumlow level, and poor market conditions are unlikely to impact our capacity to pay you. The risk of the product may be significantly higher if held for less than the recommended holding period.

This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Beside the risks included in the risk indicator, other risks materially relevant for the product may affect its performance. Please refer to the Prospectus, available free of charge at

www.ipmorganassetmanagement.lu.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment between 2015 and 2020.

Moderate: this type of scenario occurred for an investment between 2018 and 2023.

Favourable: this type of scenario occurred for an investment between 2016 and 2021.

What happens if JPMorgan Asset Management (Europe) S.à.r.l. is unable to pay out?

JPMorgan Asset Management (Europe) S.à r.l. is responsible for administration and management of the Fund, and does not hold assets of the Fund (assets that can be held by a depositary are, in line with applicable regulations, held with a depositary in its custody network). JPMorgan Asset Management (Europe) S.à r.l., as the

manufacturer of this product has no obligation to pay out since the product design does not contemplate any such payment being made. However, investors may suffer loss if the Fund or the depositary is unable to pay out. There is no compensation or guarantee scheme in place which may offset, all or any of, your loss.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- £ 10,000 is invested.

| Example Investment £ 10,000 | if you exit after 1 year | if you exit after 5 years (recommended holding period) |
|-----------------------------|-----------------------------|--------------------------------------------------------|
| Total Costs | £ 198 | £ 1,095 |
| Annual cost impact* | 2.0% | 2.0% |

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 1.6% before costs and 1.6% after costs.

Composition of costs

| One-off costs upon entry or exit | Annual cost impact if you exit after 1 year | |
