

ETFS Metal Securities Limited

Registered No: 95996

Unaudited Interim Financial Report for the
Six Months to 30 June 2018

Directors' Report	1-4
Condensed Statement of Profit or Loss and Other Comprehensive Income	5
Condensed Statement of Financial Position	6
Condensed Statement of Cash Flows	7
Condensed Statement of Changes in Equity	8
Notes to the Condensed Interim Financial Statements	9-14

The directors of ETFS Metal Securities Limited (“MSL” or the “Company”) submit herewith the unaudited interim financial report and interim financial statements of the Company for the period ended 30 June 2018.

Directors

The names and particulars of the directors of the Company during or since the end of the financial period are:

Gregory Barton	(Appointed 11 April 2018)
Christopher Foulds	
Steven Ross	
Joseph Roxburgh	(Resigned 11 April 2018)
Graham Tuckwell	(Resigned 11 April 2018)
Peter Ziemba	(Appointed 11 April 2018)

Directors' Interests

No director has an interest in the Ordinary Shares of the Company as at the date of this report.

Prior to the change in ownership (described below) Graham Tuckwell held an interest in the Ordinary Shares of the Company as the majority shareholder of ETFS Capital Limited (formerly ETF Securities Limited).

Principal Activities

During the period there were no significant changes in the nature of the Company's activities.

Change of Ownership

On 13 November 2017, the Company announced that WisdomTree Investments, Inc (“WisdomTree”) (an exchange-traded product sponsor and asset manager) entered into an agreement to acquire the European exchange-traded product business of ETFS Capital Limited (formerly ETF Securities Limited), which includes the Company. The change of ownership occurred on 11 April 2018.

Review of Operations

As at 30 June 2018, the Company had the following classes of Metal Securities in issue and admitted to trading on the following exchanges:

	London Stock Exchange	Borsa Italiana	Deutsche Börse	NYSE- Euronext Paris	Tokyo Stock Exchange
ETFS Physical Platinum	✓	✓	✓	✓	✓
ETFS Physical Palladium	✓	✓	✓	✓	✓
ETFS Physical Silver	✓	✓	✓	✓	✓
ETFS Physical Gold	✓	✓	✓	✓	✓
ETFS Physical PM Basket	✓	✓	✓	✓	✓
ETFS Physical Swiss Gold	✓	✓	✓	-	-

As at 30 June 2018, the fair value of assets under management amounted to USD 8,150.9 million (31 December 2017: USD 8,394.8 million). The Company recognises its assets (“Metal Bullion”) and financial liabilities (“Metal Securities”) at fair value in the Condensed Statement of Financial Position.

Review of Operations (continued)

During the period, the Company generated income from creation and redemption fees and management fees as follows:

	30 June 2018 USD	30 June 2017 USD
Creation and Redemption Fees	25,275	23,623
Management Fees	16,738,299	15,699,376
Total Fee Income	16,763,574	15,722,999

Under the terms of the service agreement with ETFS Management Company (Jersey) Limited ("ManJer"), the Company accrued expenses equal to the management fees and creation and redemption fees, which, after taking into account other operating income and expenses, resulted in an operating result for the period of USD Nil (30 June 2017: USD Nil).

The gain or loss on Metal Securities and Metal Bullion is recognised in the Condensed Statement of Profit or Loss and Other Comprehensive Income in line with the Company's accounting policy.

The Company holds Metal Bullion to support the Metal Securities as determined by the Metal Entitlement (which is calculated in accordance with an agreed formula published in the Prospectus). Metal Bullion is marked to fair value using the latest quote provided by the London Bullion Market Association ("LBMA").

The Company has entered into contractual obligations to issue and redeem Metal Securities in exchange for Metal Bullion as determined by the Metal Entitlement of each class of Metal Security on each trading day. The Metal Bullion in respect of each creation and redemption is recorded using the price provided by the LBMA on the transaction date.

IFRS 13 requires the Company to identify the principal market and to utilise the available market price within that principal market. The directors consider that the stock exchanges where the Metal Securities are listed to be the principal market and as a result the fair value of the Metal Securities is the on-exchange price as quoted on those stock exchanges demonstrating active trading. As a result of the difference in valuation methodology between Metal Bullion and Metal Securities there is a mis-match between accounting values, and the results of the Company reflect a gain or loss on the difference between the value of the Metal Bullion (through the application of the price provided by the LBMA against the Metal Entitlement, referred to within this financial statements as the "Contractual Value") and the market price of Metal Securities. This gain or loss would be reversed on a subsequent redemption of the Metal Securities and transfer of the corresponding Metal Bullion. This is presented in more detail in note 5 to these interim financial statements.

Future Developments

United Kingdom's ("UK's") withdrawal from the European Union ("EU")

The process for the UK's withdrawal from the EU is still ongoing, the UK's future relationship with the EU is still uncertain and the renegotiations of treaties and agreements, together with legislation changes, have yet to be completed.

The Company is domiciled in Jersey, outside of the EU, and the Metal Securities are distributed in the EU under the EU Prospectus Directive which requires their offering to the public to be approved by an EU Member State regulator. To date, the Company has chosen the UK Financial Conduct Authority ("FCA") as its Member State regulator for these purposes. Request is then made to the FCA, as the chosen Member State regulator, for the passporting of the offering across the EU, once again, under the EU Prospectus Directive.

Future Developments (continued)

United Kingdom's ("UK's") withdrawal from the European Union ("EU") (continued)

It is currently expected that, if necessary, the Company would select an alternate EU Member State regulator through which to seek approval and request passporting for its offering. As the Metal Securities already comply with the European wide requirements of the EU Prospectus Directive, this is not expected to cause any disruption or alteration to the terms or nature of the Metal Securities.

The Metal Securities continue to comply with all applicable laws and regulations. Continued assessment of the impact will be required throughout the withdrawal process.

The board of directors (the "Board") are not aware of any other developments that might have a significant effect on the operations of the Company in subsequent financial periods not already disclosed in this report or the attached interim financial statements.

Dividends

There were no dividends declared or paid in the current or previous period. It is the Company's policy that dividends will only be declared when the directors are of the opinion that there are sufficient distributable reserves.

Employees

The Company does not have any employees. It is the Company's policy to use the services of specialist subcontractors or consultants as far as possible.

Directors' Remuneration

No director has a service contract with the Company. The directors of the Company who were employees within the ETF Securities Limited group or are employees within the WisdomTree group do not receive separate remuneration in their capacity as directors of the Company. R&H Fund Services (Jersey) Limited ("R&H" or the "Administrator") receives a fee in respect of the directors of the Company who are employees of R&H.

The directors' fees which have been paid by ManJer on behalf of the Company for the period:

	30 June 2018	30 June 2017
	GBP	GBP
Gregory Barton	Nil	Nil
Christopher Foulds	1,750	Nil
Steven Ross	4,000	4,000
Joseph Roxburgh	Nil	Nil
Graham Tuckwell	Nil	Nil
Peter Ziemba	Nil	Nil

Going Concern

The nature of the Company's business dictates that the outstanding Metal Securities may be redeemed at any time by the holder and in certain circumstances may be compulsorily redeemed by the Company. As the redemption of Metal Securities will always coincide with the transfer of an equal amount of Metal Bullion, no net liquidity risk is considered to arise. All other expenses are met by ManJer; therefore the directors consider the Company to be a going concern and have prepared the financial statements on this basis.

Directors Statement

With regard to Regulation 2004/109/EC of the European Union (the "EU Transparency Directive"), the directors confirm that to the best of their knowledge that:

- the interim financial statements for the period ended 30 June 2018 give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company as required by law and in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board; and
- the Directors' Report gives a fair view of the development of the Company's business, financial position and the important events that have occurred during the period and their impact on these interim financial statements.

On behalf of the directors

Christopher Foulds

Director

30 August 2018

³ An explanation of the non-statutory adjustment is set out on pages 11 and 12.

The notes on pages 9 to 14 form part of these condensed interim financial statements

1. Accounting Policies

The main accounting policies of the Company are described below.

Basis of Preparation

The interim financial statements for the six months ended 30 June 2018 have been prepared in accordance with IAS 34 “Interim Financial Reporting” as issued by the International Accounting Standards Board (“IASB”) and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB. The interim financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The interim financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company’s annual financial statements for the year ended 31 December 2017. Except as described below under *Changes in Accounting Standards* the accounting policies adopted are consistent with those of the annual financial statements for the year ended 31 December 2017. The changes in accounting policies are also expected to be reflected in the financial statements for the year ended 31 December 2018.

The presentation of interim financial statements in conformity with International Financial Reporting Standards (“IFRSs”) requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company’s accounting policies.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The only key accounting judgement required to prepare these interim financial statements is in respect of the valuation of Metal Bullion and Metal Securities held at fair value through profit or loss as disclosed in notes 3, 4 and 5. Actual results could vary from these estimates.

This half yearly report has not been audited or reviewed by the Company’s auditors.

Changes in Accounting Standards

On 1 January 2018 IFRS 9 replaced the provisions of IAS 39 that relate to the recognition, classification and measurement of financial assets and financial liabilities, de-recognition of financial instruments, impairment of financial assets and hedge accounting.

IFRS 9 requires Metal Bullion and Metal Securities to be measured at fair value through profit or loss and the Company currently designates its Metal Bullion and Metal Securities at fair value through profit or loss upon initial recognition. The adoption of IFRS 9 Financial Instruments from 1 January 2018 has not resulted in any material impact to the accounting policies adopted by the Company.

On 1 January 2018 the Company also adopted IFRS 2, IFRS 4, IFRS 15 and IAS 40 and have assessed that the adoption of these revised and amended accounting standards has not resulted in any changes to the accounting policies and disclosures within these financial statements.

2. Operating Result

Operating result for the period comprised:

	Period ended 30 June	
	2018 Unaudited USD	2017 Unaudited USD
Creation and Redemption Fees	25,275	23,623
Management Fees	16,738,299	15,699,376
Total Revenue	16,763,574	15,722,999
ManJer Fees	16,763,574	(15,722,999)
Total Operating Expenses	(16,763,574)	(15,722,999)
Operating Result	-	-

3. Metal Bullion

	Period ended 30 June	
	2018 Unaudited USD	2017 Unaudited USD
Change in Fair Value	(339,905,094)	490,757,054
	As at	
	30 June 2018 Unaudited USD	31 December 2017 Audited USD
Metal Bullion at Fair Value	8,150,930,060	8,394,848,034

As at 30 June 2018, there were certain amounts of Metal Bullion awaiting the settlement in respect of the creation or redemption of Metal Securities with transaction dates before the period end and settlement dates in the following period:

- The monetary amount payable as a result of unsettled creations of Metal Securities is USD 18,486,467 (31 December 2017: USD Nil).
- The monetary amount receivable as a result of unsettled redemptions of Metal Securities is USD 98,775,109 (31 December 2017: USD 8,657,284).

All Metal Bullion assets have been valued using the PM fix on 30 June 2018 as provided by the LBMA (being the last fix prices available at the period end).

4. Metal Securities

	Period ended 30 June	
	2018 Unaudited USD	2017 Unaudited USD
Change in Fair Value	337,367,388	(496,439,189)

4. Metal Securities (continued)

	As at	
	30 June 2018 Unaudited USD	31 December 2017 Audited USD
Metal Securities at Fair Value	<u>8,161,045,441</u>	<u>8,402,425,709</u>

As at 30 June 2018, there were certain Metal Securities awaiting settlement in respect of creations or redemptions with transaction dates before the period end and settlement dates in the following period:

- The amount receivable as a result of unsettled creations of Metal Securities is USD 18,486,467 (31 December 2017: USD Nil).
- The amount payable as a result of unsettled redemptions of Metal Securities is USD 98,775,109 (31 December 2017: USD 8,657,284).

5. Adjustment from Market Value to Contractual Value of Metal Securities

Metal Bullion is priced on a daily basis based on the Metal Entitlement of each class of security and the value of the Bullion using the appropriate fixing price provided by the London Bullion Market Association ("LBMA"). This price is calculated based on the formula set out in the Prospectus, and is referred to as the 'Contractual Value'.

The Company measures the Currency Securities at their market value than their Contractual Value (as described in the Prospectus) because IFRS 13 requires the Company to identify the principal market and to utilise the available market price within that principal market. The directors consider that the stock exchanges where the Metal Securities are listed to be the principal market and as a result the fair value of the Metal Securities is the on-exchange price as quoted on those stock exchanges demonstrating active trading. The Metal Securities are priced using the mid-market price on the Statement of Financial Position date taken just at the time the relevant bullion fix price is set.

Consequently a difference arises between the value of Metal Bullion (at Contractual Value) and Metal Securities (at market value) presented in the Statement of Financial Position. This difference is reversed on a subsequent redemption of the Metal Securities and transfer of the corresponding Metal Bullion.

Whilst the Metal Securities are quoted on the open market, the Company's ultimate liability relates to its contractual obligations to issue and redeem Metal Securities in exchange for Metal Bullion as determined by the Metal Entitlement of each class of Metal Security on each trading day. The monetary value of each creation and redemption of Metal Securities is recorded using the price provided by the LBMA on the transaction date, and is the "Contractual Value". Therefore, the issue and redemption of Metal Securities is recorded at a value that corresponds to the value of the Metal Bullion transferred in respect of the issue and redemption. As a result the Company has no net exposure to gains or losses on the Metal Securities and Metal Bullion.

The contractual redemption values and movements in unrealised gains/losses during the period/year based on the Contractual Values are:

	As at	
	30 June 2018 Unaudited USD	31 December 2017 Audited USD
Metal Securities at Contractual Value	<u>8,150,930,060</u>	<u>8,394,848,034</u>

5. Adjustment from Market Value to Contractual Value of Metal Securities (continued)

	Period ended 30 June	
	2018 Unaudited USD	2017 Unaudited USD
Change in Contractual Value of Metal Securities	339,905,094	(490,757,054)

Through the mis-matched accounting values, the results of the Company reflect a gain or loss which represents the movement in the cumulative difference between the value of the Metal Bullion and the market price of Metal Securities. This gain or loss is transferred to a Revaluation Reserve which is non-distributable. The results of the Company are adjusted through the presentation of a non-statutory movement entitled 'Adjustment from Market Value to Contractual Value (as set out in the Prospectus) of Metal Securities'.

The mismatched accounting values are as shown below and represent the non-statutory adjustment presented in the Condensed Statement of Profit or Loss and Other Comprehensive Income:

	Period ended 30 June	
	2018 Unaudited USD	2017 Unaudited USD
Net Gain/(Loss) Arising on Contractual and Fair Value of Metal Bullion	(339,905,094)	490,757,054
Net (Loss)/Gain Arising on Fair Value of Metal Securities	337,367,388	(496,439,189)
	(2,537,706)	(5,682,135)

The gain or loss on the difference between the value of the Metal Bullion and the market price of Metal Securities would be reversed on a subsequent redemption of the Metal Securities and transfer of the corresponding Metal Bullion.

This gain or loss is transferred to a Revaluation Reserve which is non-distributable and a reconciliation of the movements throughout the period/year is detailed below.

	2018 Unaudited USD	2017 Audited USD
Balance brought forward at 1 January	(7,577,675)	(83,390)
Adjustment from Market Value to Contractual Value (as set out in the Prospectus) of Metal Securities:		
Period 1 January to 30 June	(2,537,706)	(5,682,135)
Period 1 July to 31 December	-	(1,812,150)
	(2,537,706)	(7,494,285)
Closing balance at 30 June / 31 December	(10,115,381)	(7,577,675)

6. Fair Value Hierarchy

The levels in the hierarchy are defined as follows:

- Level 1 fair value based on quoted prices in active markets for identical assets.
- Level 2 fair values based on valuation techniques using observable inputs other than quoted prices within level 1.
- Level 3 fair values based on valuation techniques using inputs that are not based on observable market data.

Categorisation within the hierarchy is determined on the basis of the lowest level input that is significant to the fair value measurement of each relevant asset/liability.

The Company is required to utilise the available market price as the Metal Securities are quoted and actively traded on the open market. Therefore Metal Securities are classified as Level 1 financial liabilities.

The Company holds Metal Bullion to support the Metal Securities as determined by the Metal Entitlement (which is calculated in accordance with an agreed formula published in the Prospectus). Metal Bullion is marked to fair value using the latest quote provided by the LBMA. The Company has contractual obligations to issue and redeem Metal Securities in exchange for Metal Bullion as determined by the Metal Entitlement of each class of Metal Security on each trading day. The monetary value of each creation and redemption of Metal Securities is recorded using the price provided by the LBMA on the transaction date applied to that Metal Entitlement. Therefore, Metal Bullion is classified as a level 2 asset, as the value is calculated using third party pricing sources supported by observable, verifiable inputs.

The categorisation of the Company's assets and (liabilities) are as shown below:

	As at	
	30 June 2018	31 December 2017
	Unaudited	Audited
	USD	USD
	_____	_____
Level 1		
Metal Securities	<u><u>(8,161,045,441)</u></u>	<u><u>(8,402,425,709)</u></u>
Level 2		
Metal Bullion	<u><u>8,150,930,060</u></u>	<u><u>8,394,848,034</u></u>

The Metal Securities and the Metal Bullion are recognised at fair value through profit or loss upon initial recognition in line with the Company's accounting policy. There are no assets or liabilities classified in level 3. There were no reclassifications during the year.

Metal Bullion is not considered to be a financial asset; however, it has been presented here for purposes of consistency with prior periods and to show a matching between assets and liabilities.

7. Related Party Disclosures

Entities and individuals which have a significant influence over the Company, either through ownership of HoldCo shares or by virtue of being a director of the Company, are related parties.

Fees charged by ManJer during the period:

	Period ended 30 June	
	2018 Unaudited USD	2017 Unaudited USD
ManJer Fees	16,763,574	15,722,999

The following balances were due to ManJer at the period/year end:

	As at	
	30 June 2018 Unaudited USD	31 December 2017 Audited USD
ManJer Fees Payable	2,676,079	2,871,894

At 30 June 2018, USD 4 is receivable from ManJer (31 December 2017: USD 4).

As disclosed in the Directors' Report, ManJer paid directors' fees in respect of the Company of GBP 5,750 (30 June 2017: GBP 4,000).

Steven G Ross is a director of R&H Fund Services (Jersey) Limited ("R&H"), the administrator. Christopher J M Foulds is the Compliance Officer of ManJer and was an employee of ETFS Capital Limited (formerly ETF Securities Limited) until 11 April 2018. On 11 April 2018 Christopher Foulds joined R&H. During the period, R&H charged ManJer administration fees in respect of the Company of GBP 56,500 (30 June 2017: GBP 46,750), of which GBP 31,000 (30 June 2017: GBP 23,375) was outstanding at the period end.

Graham Tuckwell is also a director of ETFS Capital Limited (formerly ETF Securities Limited), ManJer and HoldCo until 11 April 2018. Joseph Roxburgh was also a director of ManJer and HoldCo and the Company Secretary of the Company until 11 April 2018.

8. Ultimate Controlling Party

On 13 November 2017, the Company announced that WisdomTree Investments, Inc (an exchange-traded product sponsor and asset manager) entered into an agreement to acquire the European exchange-traded product business from ETFS Capital Limited (formerly ETF Securities Limited). The change of ownership occurred on 11 April 2018.

The immediate parent company is HoldCo, a Jersey registered company. Following completion of the acquisition which included HoldCo on 11 April 2018 the ultimate controlling party is WisdomTree Investments, Inc. Prior to 11 April 2018 Graham Tuckwell was the ultimate controlling party of HoldCo through his majority shareholding in ETFS Capital Limited (formerly ETF Securities Limited).

The value of the Metal Bullion backing the Metal Securities is wholly attributable to the holders of the Metal Securities.

9. Events Occurring After the Reporting Period

There have been no significant events since the reporting period that require disclosure.

The intelligent
alternative.
